

COVID-19 and your vision benefits

During this unprecedented time, EyeMed is prepared to continue managing your vision benefits with the same dedicated level of customer service you know and love. As always, the health and well-being of our members remains a top priority.

ACCESS TO CARE

Using your benefits may look different depending on the state where you live. But with EyeMed's network of eye doctors, you've got choices to help keep safety top of mind. To make receiving vision care easier during these challenging times, you can:

Contact your local provider

- Access our Provider Locator 24/7 to see your provider's availability and contact information
- Call the provider's office to verify hours of operation and additional notices to accommodate office or local guidelines

Shop online

- Use your in-network EyeMed vision benefits at several participating online providers. They'll even ship right to your front door for free:
 - Lenscrafters.com
 - TargetOptical.com
 - ContactsDirect.com
 - Glasses.com
 - Ray-ban.com

STAY INFORMED ABOUT IMPACTS TO YOUR VISION CARE

For answers to these questions and more, review and share these online resources:

Frequently asked questions

- Can I order eyewear online?
- What services are available?
- How can I use my vision benefits?

eyemed.com/coronavirus

Eye health

- Is COVID-19 transmitted through the eyes?
- Do glasses protect against COVID-19?
